

Zup1-Flox

Nomenclature	C57BL/6Smoc- <i>Zup1</i> ^{em1(flox)Smoc}
Cat. NO.	TBD
Strain State	Developing

Gene Summary

Gene Symbol Zup1	Synonyms	DUB, Zufsp, 2700019D07Rik
	NCBI ID	72580
	MGI ID	1919830
	Ensembl ID	ENSMUSG00000039531
	Human Ortholog	ZUP1

Model Description

These mice carry loxP sites flanking target exons of Zup1 gene. When crossed with a Cre recombinase-expressing strain, this strain is useful in eliminating tissue-specific conditional expression of Zup1 gene.

*Literature published using this strain should indicate: Zup1-Flox mice (Cat. NO. TBD) were purchased from Shanghai Model Organisms Center, Inc..

Validation Data
